Local Occupancy Restrictions Policy

(s157 Housing Act 1985)

“Allerdale – a great place to live, work and visit”

Allerdale Borough Council

S157 Housing Act 1985 Local Occupancy Restrictions Policy

1. Introduction

- 1.1 Local Occupancy Restrictions are criteria which attach to certain properties with which the occupants of the dwelling must comply. The criteria are implemented by way of conditions registered on the properties' titles and are based upon the premise that in certain rural areas (particularly those within the National Parks) the very limited level of available housing was tending to go towards externally derived needs (be it from people retiring to the area, or looking to acquire a second home/holiday accommodation).
- 1.2 This has given rise to difficulties for people with a genuine need to live in a particular locality to access the housing market, which in turn raises issues in respect of sustaining balanced, working communities.
- 1.3 The use of Local Occupancy Restrictions is a policy tool which attempts to intervene in this process by steering what is a finite and limited supply of housing opportunities in rural areas towards occupants who can demonstrate a link to the locality and a need to live in a given location.

2. Types of Local Occupancy Restrictions and the Legal Framework

- 2.1 Local Occupancy Restrictions may be registered against various types of properties. The three main types of local occupancy restriction are:
 - a. **Former Council Houses** as a result of right-to-buy legislation;
 - b. **New properties** or residential conversions of old buildings as a result of planning conditions under a s106 Agreement or similar;
 - c. **Affordable Housing** (including renting) as a result of planning conditions, covenants or similar restrictions.

- 2.2 This policy document has been prepared on the basis that Allerdale Borough Council has the benefit of restrictions registered against former Council properties (paragraph 2.1(a) above) and to a lesser extent Affordable Housing (paragraph 2.1(c) above). Those properties will be within the boundaries of the Lake District National Park.
- 2.3 **Section 157 Housing Act 1985** deals with restrictions on the disposal of dwelling-houses in National Parks including former Council properties. A copy of s157 Housing Act 1985 is attached to this policy document at Appendix 1.
- 2.4 Attention is also drawn to s37 Housing Act 1985 which deals with restrictions on the disposal of dwelling-houses in National Parks including affordable/former social housing. A copy of s37 Housing Act 1985 is attached to this policy document at Appendix 2. It is anticipated that this section will have limited relevance to the Council given that we have very few (if any) of this type of restrictions.
- 2.5 The Lake District Special Planning Board has local occupancy restrictions on properties in the National Park pursuant to planning conditions under s106 Agreements as per paragraph 2.1(b) above. Where the Council decides to register local occupancy restrictions on new-build development properties, we will be guided by the Lake District National Park Core Strategy Policy CS18 Housing Provision and its Supplementary Planning Document.
- 2.6 The Council sets separate qualifying criteria where a property is to be let in restricted parishes. Those criteria are set out in the Council's Local Lettings Policy.

3. Purpose of this policy

- 3.1 The purpose of this policy is to ensure that local people continue to have access to housing which remains affordable and which serves local needs.

Local people are those people who have lived or worked in the region for three years immediately prior to purchase as defined at paragraph 4.2 below.

- 3.2 Where a prospective purchaser does not meet the strict requirements of s157 Housing Act 1985, this policy will offer guidance on whether an exception to the restrictions can be made.

4. Local Occupancy Restrictions – Allerdale Borough Council

- 4.1 The Council has registered restrictions against the titles of former Council properties within the Lake District National Park which restrict the disposal of those properties so that they may only be sold with the Council's written consent.

- 4.2 To gain consent, prospective purchasers of former Council properties within the National Park must comply with s157 Housing Act 1985 in that they must have lived (in their only or principal home) or worked within the boundaries of the National Park, or a combination of the two, for three years immediately prior to purchase.

- 4.3 If there are two or more purchasers, at least one person has to satisfy this requirement.

5. Qualifying applicants

- 5.1 Where a prospective purchaser qualifies by proving that they satisfy the residency and/or employment requirements, they should provide their solicitor with appropriate evidence such as electoral register documents, letters and wage records from employers or from academic institutions. They should then provide the Council with a formal statutory declaration.

- 5.2 On receipt of a satisfactory statutory declaration, the Council will forward their consent to the purchaser's solicitor so that the appropriate

arrangements can be made with the Land Registry upon transfer of the property.

6. Applicants who fail to satisfy the criteria

- 6.1 If a prospective purchaser does not qualify by failing to provide satisfactory evidence of residency and/or employment within the National Park, the Council is under no obligation to provide consent for the removal of the local occupancy restriction.
- 6.2 The Council does, however, have discretion as to whether or not to grant consent even where a prospective purchaser does not meet the requirements of s157 Housing Act 1985. The Council will give consideration to factors such as whether the prospective purchaser is in key employment, economic hardship or long term family links with the Lake District. Full details of the Council's policy on making such exceptions are set out at paragraph 7 below.

7. Exceptions to the restrictions

- 7.1 Where a prospective purchaser does not meet the requirements of s157 Housing Act 1985, the Council may consider special circumstances if the prospective purchaser believes the restriction to be unduly harsh.
- 7.2 In those circumstances, prospective purchasers will need to provide supporting evidence as to why they consider that they should qualify including dates and addresses of residence, electoral register documents, letters and wage records from employers or from academic institutions, self-employment details, details of existing family connections to the area and any other relevant issues. The Council may require a written statement from the applicant.
- 7.3 When deciding whether or not to grant an exception to restriction, the Council will consider the following issues (although special consideration will be given in certain circumstances (e.g. bereavement)):

- i. The property must have been actively marketed, with the local occupancy restriction noted, for at least three months, at a price which takes the local occupancy restriction into account.
- ii. The prospective purchaser must intend to use the property as their only home.
- iii. The prospective purchaser must demonstrate that they cannot afford to purchase a suitable property in the parish concerned at open market value, without the local occupancy restriction, subject to availability of other suitable properties in the parish.
- iv. The prospective purchaser must be able to demonstrate a strong connection with the parish in which the property is located, in one of the following ways:
 - a. Lived in the parish for the majority of their life;
 - b. Need to live in the parish to take up a key worker post in the parish i.e. doctor, nurse, police officer, fire officer, teacher.
 - c. Need to live in the parish to give or receive support from a close family member (medical evidence will be required).
- v. The Council will give consent to waive the restriction only for a single disposal; the restriction will continue to apply on future sales of the property.
- vi. There is a right of appeal. The Council will consider any appeal and provide a formal response containing the reasons for their decision.

7.4 The Legal Services department will consider any applications in the first instance. If the applicant is not satisfied with the decision, the matter will be passed to a Corporate Director for adjudication and, if necessary, the appropriate councillor.
