Dear Julie,

Thank you for sending this.

Cumbria GeoConservation is pleased to see, in the Sustainability appraise that EN1 is to protect and enhance biodiversity. Is it possible at this stage to add 'and geodiversity'?

We also note that a potential Indicator in the Sustainability Appraisal is 'proximity to RIGS'.

Please note that RIGS are now termed Local Geological Sites LGS. Is it possible also to correct this?

I could send these comments on a headed letter if required.

For further information on LGS please see our web site

Best wishes
